Task 2

Roto Disk Surface

\$51.03

The Task 2 Roto Disk Surface with rotary gel system allows the user to plug a mouse surface into the left or right of the keyboard platform without any hassle. Simply plug and play utilizing the S4 Port System. The Roto Disk Surface swings out making it easy to adjust. Includes revolving gel forearm support for mousing.

Task 2's platform accessories make it easy to extend your keyboard platforms usability! These options are all functional and easy to use!
