Micro Cut Corner w/ Dual Micro Mouse

\$95.43

The Micro Cut Corner is our popular corner-shaped keyboard platform, featuring a standard 20 inch wide, gel wrist support and non-skid pads to prevent the keyboard from slipping and moving around. This keyboard tray when combined with any of the optional accessories provides a truly universal keyboard platform with virtually unlimited options and uses. The Micro Cut Corner keyboard platform is available with our popular Micro Mouse surface, which provides a unique swing-out mousing area that can be mounted on the left or right side of the main platform. An optional MouseOver bracket allows the mouse surface to be mounted over the ten-key pad on the keyboard.

The Micro Cut Corner keyboard platform is fully customizable, using our unique platform add-ons and accessories. View related models and product options for details.

This board includes dual Micro Mouse mouse disks attached to the bottom left and right of the board.
