Radius Keyboard Tray 18 inch with Slide Out Mousing Surface

\$72.44

The Task 2 Radius Series Keyboard Platforms improve overall stability with its machined high-density fiber-board construction.

The Radius MS 1812 Keyboard Platform is our smaller sized keyboard tray featuring an 18 inch platform and includes a number of features to enhance overall usability and user comfort! It has rounded front edges for comfort. This keyboard platform also has a spanning gel wrist support for use during keying and for optimized comfort. The mousing area slides out from below the main platform, and can slide to the left or right.

The Radius MS 1812 Keyboard Platform can be used with any of our articulating mechanisms - including our award-winning T2 Dial A Tilt - for optimized adjustability! The Radius MS 1812 Keyboard Platform is covered in an ultra-durable vinyl, which has a leather-like feel!
